

Senior Market Analyst

Nationally recognized InvesTech Research is offering a challenging and rewarding career opportunity for a Senior Market Analyst to join our dynamic team. This position requires a professional who enjoys a fast-paced, technologically advanced, and energetic work environment. We look forward to adding an individual who will be a part of the continued success of both our firm, and our subscribers, for years to come.

Responsibilities include:

- Research, analysis, and development of proprietary indicators
- Oversight, maintenance, and enhancement of an extensive historical database of both technical and macroeconomic data
- Working closely with a wide-ranging interdisciplinary team
- Collaborating with other team members in writing formal and informal reports, and publications
- Communicating directly with subscribers and media
- Providing analytical and technical support for firm presentations, webcasts, and special events

Qualifications:

- Extensive experience in equity market analysis (quantitative, technical, fundamental)
- Exceptional written and oral communication skills
- Strong attention to detail and accuracy
- Ability to multi-task, prioritize, and manage a variety of projects
- Aptitude for mastering new software applications
- Bachelor's degree in Business, Finance, Economics, or related field
- Chartered Market Technician® designation (CMT) or 7+ years of relevant experience required

If you are a self-motivated team player, eager to contribute your expertise and ideas to our organization, while enjoying the desirable quality of life offered in Whitefish, Montana, we invite you to send a cover letter and resume to:
